

# Whenever You're On My Mind

Marshall Crenshaw

I think about you and forget what I've tried to be  
Everything is foggy and hard to see  
It seems to be, but can it be, a fantasy?  
Whenever I think about you, strangers eyes in the crowd flash p  
ast  
I go on and think of the fate you've cast  
It seems to be a reverie, you're here with me

'cause whenever you're on my mind  
Whenever you're on my mind  
I leave the world behind  
Whenever you're on my mind

I think about you and I'm weak though I'm in my prime  
Set my watch and still lose the track of time  
It seems to be, but can it be, a fantasy?  
Whenever I think about you, strangers eyes in the crowd flash p  
ast  
I go on and think of the fate you've cast  
It seems to be a reverie, you're here with me

Whenever you're on my mind  
Whenever you're on my mind  
I leave the world behind  
Whenever you're on my mind

I never thought I'd be in this situation  
It seems wherever I go I'm with you  
And though I never seem to find my place  
At every turn I see your face  
Whenever I think about you  
It seems to be a reverie, you're here with me  
'cause whenever you're on my mind  
Whenever you're on my mind  
I leave the world behind  
Whenever you're on my mind
