

Rooftops

Marshmello

They were screaming from the rooftops
Screaming till our heart stops
Let it out
And baby, the thoughts we have
You really killing me
It's like we're out of bound

They were screaming from the rooftops
Screaming till our heart stops
Let it out
And baby, the thoughts we have
You really killing me
It's like we're out of bound

This love we have
This love we have
This love we have
This love we have
This love we have
This love we have
This love we have
This love we have
It's like we're out of bound

They were screaming from the rooftops
Screaming till our heart stops

You really killing me
It's like we're out of bound
