

I've Been In Love Too Long

Marti Webb

I've been in love too long
You'll have to lead the way
It's been some time since I talked to another guy

I'm lost after "hello"
What do girls say these days?
How does somebody start to woo somebody's heart?

I'm not used to deciding
What moves I should make
Cheering tonight is a big step to take
I'll need your help if I'm gonna start changing dreams

I've been in love too long
You've got a way with words
Yes, I've got over this
You're so right when you say the pain will go away

I've been in love too long
That's all that's wrong with me
No need to carry on
As if my life was gone

If you can take me dancing
Why shouldn't I go
Having some fun wouldn't hurt me, I know
Stay close to me
And I think that I'll be all right

I've been in love too long
That's all that's wrong with me
It's been some time since I talked to another guy
I've been in love too long
