

What You Gonna Do With Your Freedom

Marti Webb

Alright, have your way
I understand what you're trying to say
You think you need to be on your own for a while
Sometimes love won't grow
You think it's over, so off you go
Nobody here is going to put your heart on trial
But tell me

What you gonna do with your freedom
Now that you've got it again
You've had that freedom before we met
And you didn't know what to do with it then
Oh, what you gonna do with your night times
When you're lying there by yourself
Oh, what you gonna do with your freedom
Will you be giving it to somebody else?

Alright, I won't break
No use giving, if you don't take
I've heard that loneliness can make you strong
OK, make it clean
The way you think, the grass is green
It never seems to stay that way for long
But tell me

What you gonna do with your freedom
Now that you've got it again
You've had that freedom before we met
And you didn't know what to do with it then
Oh, what you gonna do with your night times
When you're lying there by yourself
Oh, what you gonna do with your freedom
Will you be giving it to somebody else?

When you're free you can be anybody's
Nobody knows who you are
When you're free you can have anybody
You can run and run
Just as fast as you can
I wonder if you get very far

But what you gonna do with your freedom
Now that you've got it again
You've had that freedom before we met
And you didn't know what to do with it then
Oh, what you gonna do with your night times
When you're lying there by yourself
Oh, what you gonna do with your freedom
Will you be giving it to somebody else?

But what you gonna do with your freedom
Now that you've got it again
You've had that freedom before we met
And you didn't know what to do with it then
Oh, what you gonna do with your night times
When you're lying there by yourself
Oh, what you gonna do with your freedom

Will you be giving it to somebody else?
