

# Temptation

Martika

Come over here  
Right now, yeah

Just you and me  
The image of the way it's gonna be  
Close by my side  
Livin' in the luxury of paradise

Did you ever want something so bad, you'd risk it all  
No matter what the the consequences are  
You've lost control of something deep inside your soul  
And now it's gone a little bit too far

Temptation  
Tappin' on the back of my neck  
Up and down my spine  
Workin' on my mind  
I haven't got rid of it yet  
Temptation  
Every day it's haunting me back  
Scratchin' on my brain  
Drivin' me insane  
I can't seem to get on track

I know you've got  
Oh, someone in your life but I can't stop  
Oh, we've tried to be just friends  
But you feel it just like I do, so don't pretend

'Cause you know you want it so bad that you'd risk it all  
No matter what the consequences are  
You've lost control of something deep inside your soul  
And now it's gone a little bit too far

Afraid you've lost a part of yourself  
All your thoughts go to someone else  
Bit by bit 'til there's nothing inside  
Temptation is the question that you can't decide

You can't control this feelin' that you're feelin'  
And everyday life seems less than real and  
You're body and mind don't connect to your soul  
You try everything but there's no place to go  
Admit to yourself that you have an addiction  
The love in your life has caused you infliction  
The deeper you go, the higher you search  
But before it gets better it's gonna get worst  
Kick it in!

Temptation that you can't live without  
Given you something to think about
