

You Got Me

Martin Chodúr

You got me in the street as I'm walking down the road
You got me hooked on baby and I'm crazy for your love
Just come and let me tell you what I think we should do
You got me, you got me, you got me now I want you.

You got me every hour in a day and that's a lot
I wanna touch you baby and I do not care about
Who might see us together baby, baby I don't mind
You got me, you got me on that crazy ride.

You and me are meant to be together (together now)
Just stop and see for your self
Love ain't no trick It's written in the script
Of my life...Of my life

You got me when I'm eating when I'm playing at the gig
Nobody's ever seen the love that was so goddamn big
Just come and I will give you all the love I got for you
You got me, you got me What you're gonna do.

You and me are meant to be together (together now)
Just stop and see for your self
Love ain't no trick It's written in the script
Of my life...Of my life

Gonna be the time when you're all mine girl, There's gonna be..
.

You and me are meant to be together (together now)
Just stop and see for your self
Love ain't no trick It's written in the script
Of my life...Of my life

Gonna be the time when you're all mine girl, There's gonna be..
