

# Gold Skies

Martin Garrix

See the smoke when the sun shines  
We will forever be faded under gold skies  
Captivated in your cold eyes  
We will forever be faded under gold skies

See the smoke when the sun shines  
We will forever be faded under gold skies  
Captivated in your cold eyes  
We will forever be faded under gold skies

Coming up, coming down, look at all this love we found  
Just the sun, feel me now, we will live forever  
Coming up, coming down, look at all this love we found  
Just the sun, feel me now, we will live forever  
Coming up, coming down, look at all this love we found  
Just the sun, feel me now, we will live forever  
Coming up, coming down, look at all this love we found  
Just the sun, feel me now, we will live forever

Coming up, coming up  
Coming up, coming up  
Coming up, coming up  
Coming up, coming up  
Coming up, coming up

We will forever be faded under gold skies

See the smoke when the sun shines  
We will forever be faded under gold skies  
Captivated in your cold eyes  
We will forever be faded under gold skies

Coming up, coming down, look at all this love we found  
Just the sun, feel me now, we will live forever  
Coming up, coming down, look at all this love we found  
Just the sun, feel me now, we will live forever

Coming up, coming up  
Coming up, coming up  
Coming up, coming up  
Coming up, coming up  
Coming up, coming up

Coming up, coming up  
Coming up, coming up  
Coming up, coming up  
Coming up, coming up  
Coming up, coming up

We will forever be faded under gold skies  
We will forever be faded under gold skies  
We will forever be faded under gold skies  
We will forever be faded under gold skies
