

# Get Away from You

Martin Solveig

I'm just trying to get away  
this is what my sister said  
I can just leave it to fate  
don't get any closer, babe

There is nothing about us  
i'm not adventurous  
should I go or should I stay  
I'd rather get away

Got a plan to avoid the fight  
I take you to the Baron if that's alright  
try few steps and check the move  
and I'd rather get away from you, from you  
I'd rather get away from you, from you  
I just want to get away from you

I'm just trying to get away  
Well, this is what my shrink said  
a savage chat and swimming booze  
so that everyone acts and no one moves

I feel something about us  
and you're not that generous  
But I look like yesterday  
I'd rather get away

that sounds right  
I'm not that stubborn, babe  
I'd rather get away from you, from you

I'd rather get away from you, from you  
I'd rather get away from you, from you, from you  
I'd rather get away from you, from you, from you  
I'd rather get away from you
