

# Touch Me

Martin Solveig

I keep running after time, do my best to stay away from you.  
I will make it right this time, need to tell you that I feel for you.  
I made it to hear my pride, I don't wanna hear what people say.  
There's enough I don't wanna hide anymore, come on now and touch me.

Yeah yeah, yeah yeah, I feel better when you touch me.  
Yeah yeah, yeah yeah, I feel better when you touch me.  
Yeah yeah, yeah yeah, I feel better when you touch me.  
Yeah yeah, yeah yeah, I feel better when you touch me.

I keep running after time, do my best to stay away from you.  
I will make it right this time, need to tell you that I feel for you.  
Can't believe I waited so long, I don't wanna hear what people say.  
Don't wanna pretend that I'm strong anymore, come on now and touch me.

Yeah yeah, yeah yeah, I feel better when you touch me.  
Yeah yeah, yeah yeah, I feel better when you touch me.  
Yeah yeah, yeah yeah, I feel better when you touch me.  
Yeah yeah, yeah yeah, I feel better when you touch me.  
Yeah yeah, yeah yeah, I feel better when you touch me.  
Yeah yeah, yeah yeah, I feel better when you touch me.

(Touch, touch, touch, touch, touch, touch, touch, touch)  
(Touch, touch, touch, touch, touch, touch)  
Yeah yeah, yeah yeah, yeah yeah, yeah yeah.  
Yeah yeah, yeah yeah.  
Yeah yeah, yeah yeah, I feel better when you touch me.

Yeah yeah, yeah yeah, I feel better when you touch me.  
Yeah yeah, yeah yeah, I feel better when you touch me.  
Yeah yeah, yeah yeah, I feel better when you touch me.  
Yeah yeah, yeah yeah, I feel better when you touch me.  
I feel better when you touch me, I feel better when you touch me.
