

Feel Like A Woman

Martina Balogová

Last night I finally met him,
the man I've been waiting for.
I danced, no longer alone,
but later on, I was at his home.

(Did he treat you right?) Oh, I felt so free.
(Did he treat you good?) Like V.I.P.
(So what's the deal?) He's the man for me.
(How do you know?) 'Cause he made me.

R.: Feel like a woman for the first time,
romance and glamor, diamonds to shine.
Searchin' the world for the right kind of man,
finally found him, last one to stand.
Feel like a woman for the first time,
romance and glamor, diamonds to shine.
Searchin' the worl for the right kind of man,
finally found him, last one to stand.

Last night, I wasn't 'dreamin'
a memory so beatiful.
Moonlight shining in his eyes.
At last I realized

(Did he treat you right?) Oh, I felt so free.
(Did he treat you good?) Like V.I.P.
(So what's the deal?) He's the man for me.
(How do you know?) 'Cause he made me.

R.: Feel like a woman for the first time,
romance and glamor, diamonds to shine.
Searchin' the worl for the right kind of man,
finally found him, last one to stand.....
