

# Gonna Give You Something

Martina Balogová

Oh yeah, yeah, give you somethin' tonight.  
Oh yeah, yeah, make it happen tonight.

I'm the kind of girl who's easy to find.  
I don't want nobody wastin' my time.  
Got no problem with the things that you say,  
I'm just gonna keep on livin' my way.  
Can't you see all I need is someone  
who will love me for real, yeah?

R.: Doin' somethin' to me, feel your body through me,  
gotta give you somethin' tonight.  
Baby, keep it comin'. If you want my lovin',  
gotta make it happen tonight.

You don't have to try so hard to impress,  
just show me honesty and tenderness.  
I don't care about the clothes that you wear.  
I just need someone who'll always be there.  
Can't you see all I need is someone  
who will love me for real, yeah?

R.: Doin' somethin' to me, feel your body through me,  
gotta give you somethin' tonight.  
Baby, keep it comin'. If you want my lovin',  
gotta make it happen tonight.

Lose my inhibitions, givin' you permission.  
Let me tell you that when you're down on your knees  
you'll be settin' me free.

R.: Doin' somethin' to me, feel your body through me,  
gotta give you somethin' tonight.  
Baby, keep it comin'. If you want my lovin',  
gotta make it happen tonight.

And I know it, that you'll show it,  
the meaning, true love, inspiration.  
Gotta give it up if you want my love,  
'cause when you do, it makes me feel so right.

R.: Doin' somethin' to me, feel your body through me,  
gotta give you somethin' tonight.  
Baby, keep it comin'. If you want my lovin',  
gotta make it happen tonight .....
