Goodbye

Martina McBride

Occurred to me the other day You been gone now a couple years Well I guess it takes a while For someone to really disappear And I remember where I was When the word came about you It was a day much like today The sky was bright and wide and blue

And I wonder where you are And if the pains ends when you die And I wonder if there was Some better way to say goodbye

Today my heart is big and sore It's tryin' to push right through my skin Won't see you anymore I guess that's finally sinkin' in 'Cause you can't make somebody see With the simple words you say All their beauty from within Sometimes they just look away

And I wonder where you are And if the pains ends when you die And I wonder if there was Some better way to say goodbye Some better way to say goodbye
