

# Long Distance Lullaby

Martina McBride

One more hotel room  
One more night away from you  
One more phone call  
To say I'll be home soon  
I'm just so tired  
Of all the distance in between  
All I really need is you with me

I miss your voice, I miss your smile  
I wish I could give you  
A kiss from a thousand miles  
Sleep well, my love  
Tonight when you close your eyes  
Hear my long distance lullaby

La la la la, La la la la, La la la la la la (2x)

I know it's hard when I'm so far away  
And these words can only go so far to say

I miss you're voice, I miss your smile  
I wish I could give you  
A kiss from a thousand miles  
Sleep well my love  
Tonight when you close your eyes  
Hear my long distance lullaby

La la la la (just close your eyes)  
La la la la (I'm coming home)  
La la la la (you'll hear me singing)  
La la la la (I know it's hard)  
La la la la (I'm coming home)  
La la la la (and we'll be singing la la)
