

# Rainy Days

Martine McCutcheon

Ooh  
Days  
No more rainy days  
Oh my rainy days  
No more rainy days

Rainy days and chardonnay  
Remind me of you  
Raindrops on your face  
Still taste like they used to

It's been years but it still seems more like  
Yesterday  
I replay moments we share  
Over and over in my head

Rainy days  
Chardonnay  
Sleepless nights  
Candlelight  
These are the things I remember  
When I remember

All the kiss  
Your sweet lips  
Musk perfume  
On full moons  
These are the things I remember  
When I remember you

Ooh

I can't shake this feeling  
No matter what I do  
I still compare  
Everyone to you  
I guess I never really let you go  
The first love is hard to forget  
However long ago

Rainy days  
Chardonnay  
Sleepless nights  
Candlelight  
These are the things I remember  
When I remember  
All the kiss  
Your sweet lips  
Musk perfume  
On full moons  
These are the things I remember  
When I remember you

When I remember  
When I remember

Your memory haunts me

It brings me back in time  
It can't be over  
If you're still on my mind  
On my mind  
Hey yeah  
Hey yeah

Rainy days  
Chardonnay  
Sleepless nights  
Candlelight  
These are the things I remember  
When I remember you  
All the kiss  
Your sweet lips  
Musk perfume  
On full moons  
These are the things I remember  
When I remember you  
When I remember you
