## Tremble

## **Martine McCutcheon**

Do you tremble when I touch you Even though it's not allowed And do you feel we're all alone Even when we're in a crowd Does it scare you and unnerve you That I make you feel so good All night and day You want to stay But walk away You feel you should You know you should If only you could

'Cause I want you And if you want me too Just hold me close And don't let go

Do you tremble when I kiss you Even though it's not allowed And do you feel we're all alone Even when we're in a crowd Does it scare you and unnerve you That I make you feel so good All night and day You want to stay But walk away You feel you should You know you should If only you could

'Cause I want you And if you want me too Just hold me close And don't let go Just hold me close And don't let go

Do you tremble when I kiss you Even though it's not allowed And do you feel we're all alone Even when we're in a crowd Does it scare you and unnerve you That I make you feel so good All night and day You want to stay But walk away You feel you should You know you should If only you could

'Cause I want you And if you want me too Just hold me close And don't let go Just hold me close And don't het go
