

You, Me & Us

Martine McCutcheon

I've got a picture in my head
A photograph of you and I
I wasn't with you, now I am
Although we're pulled apart by miles

I hear your voice
It whispers in my ear
I see your face
It's like your really here

I want to stay home tonight
Just you, me and us
Cuddle up alone tonight
Just you, me and us

I wanna put your hands in mine
I wanna be there when you smile
I wanna look you in the eye
Although we're pulled apart by miles

I hear your voice
It whispers in my ear
I see your face
It's like your really here

I want to stay home tonight
Just you, me and us
Cuddle up alone tonight
Just you, me and us

Knowing you're just time away
It hurts me even more
Keep praying you'll be back for good
When you close the door

Want to stay home tonight
Just you, me and us
Cuddle up alone tonight
Just you, me and us

Want to stay home tonight
Just you, me and us
Cuddle up alone tonight
Just you, me and us

Just you and me
Baby please
Just you, me and us
