

## A Little Sentimental

Marty Robbins

Sitting here with you don't know why I'm blue  
Just a feeling that I've had right from the start  
Something bout your smile that lingers for a while  
Stirs an old time mem'ry in my heart.

Don't mind me if I'm a little sentimental  
Don't mind me I'm not about to cry  
It's just a thought that I remember  
Left over from a time in days gone by.

Don't mind me if I'm a little melancholy  
Thinking of someone that I love so  
Don't mind me if I'm a little sentimental  
You remind me of the girl I used to know.

Don't mind me if I'm a little melancholy  
Thinking of someone that I love so  
Don't mind me if I'm a little sentimental  
You remind me of the girl I used to know...
