

## A Very Special Way

Marty Robbins

I love you in a very special kind of way  
In fact so much that words could never really say  
I love you never knowing that you cared for me  
Until I needed you then I could really see  
That love between us was a card or letter  
Or something that you'd send me to make me feel better  
A box of candy or a big bouquet  
Has made me love you in a special way

A card that shows me tryin' to catch a pretty nurse  
Or one with just a name and lovely Bible verse  
A telegram, a phone call, made each day complete  
And all these things have put me back on my two feet  
So here's to you, may all your skies be always blue  
And thanks again for helping when I needed you  
Oh, it seems so little, what else can I say  
I love you in a very special way
