

But Only In My Dreams

Marty Robbins

I have held you in my arms
I have known your sweetest charms
Two hearts in love, at least that's how it seems
But only in my dreams

Though my days are often blue
Night are always spent with you
There I know your love is really true
But only in my dreams

I have dreamed a dream that
I couldn't have in love
Just to have you for my own

I have known what life is for
Rich and gay with full reward
All that I could ever ask and more
But only in my dreams

I have dreamed a dream that
I couldn't have in love
Just to have you for my own

I have known what life is for
Rich and gay with full reward
All that I could ever ask and more
But only in my dreams
