

# Calypso Vacation

Marty Robbins

Today I leave to get away from it all  
I'll board a liner and head for the Caribbean  
Beautiful isles of the West Indies  
Swayin' palms back into me  
Down where the people are so carefree  
I'll take a calypso vacation

Rum and fun, sea and sun  
Wish I were there this minute  
Don't blame me if I'm impatient  
To take a calypso vacation

Maybe I'll go by way of old Nassau  
I'll leave my cares behind in the Caribbean  
Port-au-Prince or Old Haiti  
Visit them all, may even stay  
Island music is calling me  
To take a calypso vacation

Rum and fun, sea and sun  
Wish I were there this minute  
Don't blame me if I'm impatient  
To take a calypso vacation

I'm so anxious to be on the way  
To take a cruise in the beautiful Caribbean  
Maybe I can learn to do the limbo  
Girls can show me what I should know  
Time to catch a boat, got to go  
On my calypso vacation

Rum and fun, sea and sun  
Wish I were there this minute  
Don't blame me if I'm impatient  
To take a calypso vacation
