

Forever Yours

Marty Robbins

You are so wonderful
Just to be with and to talk to
Yes, you're wonderful
I'm forever your's

You are my heart's desire
Just the touch of your hand
The way you understand tells me you're wonderful
And I'm forever your's

I never knew a heart could love as much as this
Didn't think I'd thrill so to your kiss
Dreams, they say, never do come true
But I found all my dreams in you

And I think you're wonderful
The way you hold me, when you kiss me
Makes my life complete
I'm forever your's

I never knew a heart could love as much as this
Didn't think I'd thrill so to your kiss
Dreams, they say, never do come true
But I found all my dreams in you

And I think you're wonderful
The way you hold me, when you kiss me
Makes my life complete
I'm forever your's
