

Touch Me With Magic

Marty Robbins

Touch me with magic
Baby, your love's fantastic
Touch me with magic tonight

Touch me with starshine
Take me above the sunshine
Touch me with magic tonight

I've been a-waitin'
Such a long, long time
Ya got so much magic, baby
Gimme some of your magic, baby
Give a little away, give a little away

Touch me with lightnin'
Your love's electrifin'
Touch me with magic tonight

Touch me with thunder
Don't break the spell I'm under
Touch me with magic tonight

I've been waitin'
Such a long, long time
Ya got so much magic, baby
Gimme some of your magic, baby

Well I, I've been waitin'
Such a long, long time
Ya got so much magic, baby
Gimme some of your magic, baby
Ya got so much magic, baby, baby
