

Trail Dreamin'

Marty Robbins

All through the day, in the saddle I sway
Visions grow as I go trail dreamin'
I see a home on a blue mountain dome
Love inlaid, that I made trail dreamin'

There's a rainbow trail that's lined with stars
That leads to a gate with moving bars
And it's welcome, I feel till my vision's so real
Turn to dust, 'cause I'm just trail dreamin'
