

# Burn Me Down

Marty Stuart

Touch me, turn me on, and burn me down  
Your lips, hold a wild desire  
And give a kiss like the devil's fire  
Your kind of love could burn a town  
Touch me, turn me on, and burn me down

You touch brings me to my knees  
You've got me begging "please, please, please"  
Take my heart and melt it down  
Touch me, turn me on, and burn me down

You're a wild love, I can't tame  
Your kisses burn like flames  
I go crazy, when you're around  
So touch me, turn me on, and burn me down

I'm devoured by your fiery flame  
My lips can only speak your name  
Just spread my ashes all around  
Ah touch me, turn me on, and burn me down

You're a wild love, I can't tame  
Your kisses burn like flames  
I go crazy, when you're around  
So touch me, turn me on, and burn me down  
Touch me, turn me on, and burn me down
