

Do You Really Want My Lovin'

Marty Stuart

I've heard everybody talkin' and the word is in the air
That you made plans to say goodbye and leave me
standing here
Well, you say that you don't love me but I can't
believe that's true
Baby let me know if it's really so and tell me what are
you gonna do
And tell me

Do you really want my lovin'
Do you really want my huggin'
Do you really want someone that's true
Do you really want my love

Well how can you be so heartless, how can you be so
cold
I should have sent you on your way a long, long time
ago
Ah but I don't want to lose you 'cause I still love you
so
So if you don't feel the way I feel, well it's time
you let me know
And baby

Do you really want my lovin'
Do you really want my huggin'
Do you really want someone that's true
Do you really want my love

Do you need someone to hold you
Do you need someone who cares
Do you need someone to keep you warm at night
When no one else is there

I've heard everybody talking and the word is in the air
That you've made plans to say good bye and leave me
standing here
Well, you say that you don't love me but I can't
believe it's true
Baby let me know if it's really so and tell me
What are you gonna do
And tell me

Do you really want my lovin'
Do you really want my huggin'
Do you really want someone that's true
Do you really want my love

Tell me do you really want my lovin'
Do you really want my huggin'
Do you really want someone that's true
Do you really want my love
