

Mirrors Don't Lie

Marty Stuart

Mirrors don't lie, a mirror won't lie
So don't be lookin' if you can't stand to see
Mirrors don't lie, a mirror won't lie
I know it's so 'cause one just told the truth on me

Facing music won't be easy
'Cause wine and roses leave a jagged scar
I thought I knew just where to quit, draw the line
But today I know for sure I've gone too far

Mirrors don't lie, a mirror won't lie
So don't be lookin' if you can't stand to see
Mirrors don't lie, a mirror won't lie
I know it's so 'cause one just told the truth on me

Now tracing my footsteps won't be easy
'Cause wine and roses leave a clouded mind
I never worried much 'bout night before
'Cause the mornin' after left me nearly blind

Mirrors don't lie, a mirror won't lie
So don't be lookin' if you can't stand to see
Mirrors don't lie, a mirror won't lie
I know it's so 'cause one just told the truth on me
I know it's so 'cause one just told the truth on me
