

There's A Rainbow (at The End Of Every Storm)

Marty Stuart

Well there's a rainbow
At the end of every storm, ooh

When trouble and trials stand in your way
When you get weary, too weary to pray
Look to the sky and reach for his arm
There's a rainbow at the end of every storm, ooh

Whether it's sickness, whether it's death
When your heart gets heavy, can't find peace or rest
When clouds of doubt, all around you form
There's a rainbow at the end of every storm

And his name is Jesus
(Wonderful Savior, wonderful friend)
His name is Jesus
(In the beginning, the middle, the end)

He'll be there
(To help)
He'll be there
(To save)
To keep you from every harm
He is the rainbow at the end of every storm

Well his name is Jesus
(Wonderful Savior, wonderful friend)
His name is Jesus
(In the beginning, the middle, the end)

He'll be there
(To help)
He'll be there
(To save)
Keep you from every harm
He is the rainbow at the end of every storm
Well, he is the rainbow at the end of every storm, ooh
