

## Western Girls

Marty Stuart

Big hair, pink lips, eyes all painted up  
Spray net and George Strait riding in her pickup truck  
Midnight, highway, headed for the club Siam  
Heartbeat hot spot, looking for a cowboy man  
I'm a talking about

Western girls, got me jumpin' up for joy  
Western girls, makes me glad I'm a good ole boy  
Western girls, the best I've ever seen  
Western girls, every cowboy's dream

Jukebox, dance floor, angel in a cowboy hat  
Dim lights, slow dance, how come they move like that  
Well I've honky tonked all around the world  
And every place I go  
I've seen them cowboy girls doing the do-si-do  
I'm a talking about

Western girls, got me jumpin' up for joy  
Western girls, makes me glad I'm a good ole boy  
Western girls, the best I've ever seen  
Western girls, every cowboy's dream

Western girls, got me jumpin' up for joy  
Western girls, makes me glad I'm a good ole boy  
Western girls, the best I've ever seen  
Western girls, every cowboy's dream
