

## Always Something There To Remind Me

Marvelous 3

I walk along the city streets you used to walk along with me  
And every thing I say reminds me of just how we used to be  
How can I forget you girl?

When there's always something there to remind me  
Ba da da da da  
Always something there to remind me

Shadows fall, I pass a small cafe where we would dance at night  
And I can help remembering how you used to dance and hold me tight  
How can I forget you girl?

There is always something there to remind me  
Always something there to remind me  
I was born to love you and I will never be free

You'll always be a part of me  
Whoa, whoa, whoa

If you should find you miss the sweet and tender love we used to  
o share  
Just go back to places where we used to go and baby I'll be there  
How can I forget you girl?

There is always something there to remind me  
Always something there to remind me

Always something there to remind me  
Ba da da da da  
Always something there to remind me

Always something there to remind me  
Always something there to remind me  
Always something there to remind me  
Always something there to remind me
