

# I'm Yours You're Mine

Marvin Gaye

I'm yours (I'm yours) and you're mine (you're mine)  
You are mine (you're mine), baby I'm yours (I'm yours)  
And nothing's gonna ever (never), never, ever (never ever)  
Ever come between us

I'm yours (I'm yours) and you are mine (you're mine)  
You are mine (you're mine), and I'm yours (I'm yours)  
And nothing's gonna ever (never), no no never (never ever)  
Ever come between us

I'm so glad I found you  
Let me put my arms around you  
Whenever you are near  
Oh there's a Heaven on Earth right here

I'm yours (I'm yours) and you are mine (you're mine)  
You are mine (you're mine), and I'm yours (I'm yours)  
And nothing's gonna ever (never), no, no, never (never ever)  
Ever come between us

Hey baby, I'm so glad I found you  
Let me put my arms all around you  
Whenever you're near  
I said a Heaven's on Earth right here

I'm yours (I'm yours) and you are mine (you're mine)  
Oh baby (you're mine), and I'm yours (I'm yours)  
And nothing's gonna ever, no baby  
Oh ever come between us  
Said I (never) no nothing (never ever)  
Will ever come between us  
Said (never) no baby (never ever)  
Between us  
All because I'm yours, and you are mine
