

# Let Your Conscience Be Your Guide

Marvin Gaye

Let your conscience be your guide  
Let your conscience be your guide, oh baby

If you want to leave me, go on girl  
Go on and leave, oh leave me  
But oh darlin', oh darlin', oh yeah  
Let your conscience be your guide

You know I've never done you wrong  
I've always stuck right by your side, oh baby  
You only had to call my name and oh baby  
If you could feel, oh, feel the same  
Oh darlin', my darlin', oh yeah  
Let your conscience be your guide

If only you could remember just hard I tried  
Please, oh please, don't forget  
I've given you the best years of my life  
You know I've never, never, no, no, no, never done you wrong  
I've always stuck right by your side, oh baby  
You only had to call my name  
Oh, oooh girl, if could feel the same  
Oh darlin', my darlin', oh yeah  
Let your conscience be your guide
