

# Little Ole Boy, Little Ole Girl

Marvin Gaye

I'm just a little ole girl  
& I'm looking for a little ole boy  
Cause I need someone,  
Did you hear me say someone, someone to love

Oh oh I'm a little ole boy  
Oh looking for a little ole girl  
& I'm hope I'm that someone, oh baby, you're looking for

Oh oh baby, did you hear me say maybe, baby  
We 2 can get along  
Oh but you got to hug me every morning  
Kiss me every night & love me all night long

Oh oh I'm a little ole boy  
Oh looking for a little ole girl  
& I'm hope I'm that someone, oh baby, you're looking for

Wo say baby, did you hear me say maybe, baby  
We 2, we 2 can get along  
Oh you got to hug me every morning  
Kiss me every night, love me all night long

I'm just a little ole girl  
& I'm looking for a little ole boy  
Cause I need someone,  
Did you hear me say someone, someone to love

Uh huh, I'm so glad that I've found me  
someone to love  
Won't you put your loving arms around me?  
Someone to love
