

More, More, More

Marvin Gaye

All I can say is you held me tight
Just give me more, more, more, more kissing, baby
More, more, more, more hugging, honey
I just can't get enough of your sweet loving, oh it's so good
It makes me want to love you like a lover should
Oh give me more, more, more squeezing baby
I want more, more, more teasing, honey
I just can't get enough of your sweet loving, it's so good
It makes me want to love you like a lover should
My mama told me "Girl"
She said "Men won't do you nothing but harm"
Oh Tammi, what Mama don't know is
How good it feels when you're in my arms
I want more, more, baby
More, more, more, more, more
I just can't get enough of your sweet loving, & oh so good
It makes me want to love you like a lover should
So give me more, more, more kissing, baby
More, more, more hugging, honey
More, more, more squeezing
More, more, more teasing
I just can't get enough of your sweet loving, it's so good
It makes me want to love you like a lover should

So give more, more, oh baby
Just a little bit more, oh yeah
Baby, going to take me more, oh baby
Just a little bit more, ooh yeah
Teeny bit more...
