

# Satisfied Feelin'

Marvin Gaye

People are wondering about the change that's come over me  
Because a smile upon my face is something rare for them to see  
But how can I tell someone else what I don't understand myself?  
It's like heaven into the sunshine out of the glow, & oh baby  
It's just a satisfied feeling, oh yeah, down in my soul

Imagine something so strong  
That keeps the world from doing you wrong  
It gives you power, it gives you drums  
And there ain't nothing you can't overcome  
Like a puzzle when the pieces fit  
I know that this is it  
It's like watching a brand new day begin to glow, & oh baby  
It's a satisfied feeling set down in my soul

And I don't know what it is about you  
But I can't stand the thought of ever being without you  
So I'm going to love you & never let you out of my sight  
Because the way you make me feel has got to be right

Baby, you know it's like a flame burning within  
And I know people can see it from afar  
Oh it gives you a special something  
That makes you wonder who you are  
If we had words, we could tell it all  
The joys big and small  
But I'm afraid the love we got can never be told  
Oh baby, it's just a satisfied feeling down in my soul
