

# Seek and You Shall Find

Marvin Gaye

Oh I used to ask my mother  
Would I ever find true love?  
She would tell me, true love is hard to find

So I traveled on  
Everyone I came upon  
I would stop and ask  
They would tell me  
True love is hard to find  
That's what they would say

The years that passed  
I'm all alone  
No longer do I ask  
I just place my faith  
In five little words  
From way back in my past  
My mama said  
Seek and you shall find  
That's what mama said  
Seek and you shall find

Sometimes I get so lonely  
It seems useless to groan  
But then I remember  
Somewhere true love has waited there  
But I'll keep on holding on  
Keep on keeping on  
But I know that I keep trying  
I can lose  
Seek and you shall find  
That's what my mama said  
Seek and you shall find  
Help me somebody!  
Oooh  
Oooh  
Oh

There is no happy ending  
To this story I'm telling you  
But I remember somewhere  
True love, I know it's waiting there  
I'm gonna keep on keeping on  
You know that I'm gonna keep holding on  
Cause I now if I keep trying  
I can't lose, cause there's no denying  
Seek and you shall find  
I know that's what my mama said  
Seek and you shall find  
Ohhh  
Seek and you shall find  
If it's love that you're looking for  
Seek and you shall find  
It must be right around the corner  
Seek...
