

Gabriel

Mary Black

Gabriel Gabriel
Open you heart and mine as well
Oh Gabriel Gabriel
Save this heart from hell

Heaven knows I love you
And heaven knows how true
I'd be for you

People have their failings
And I know that I've got mine
I know I've been ungrateful
I know I've been unkind

Gabriel Gabriel
Open you heart and mine as well
Oh come on Gabriel Gabriel
Save this heart from hell

Down into the valleys
And out across the sea
Our dreams go
Caught up in a loving
So much stronger than we knew
That could tear our world apart
Or with some fate just pull us through

Gabriel oh Gabriel
Open you heart and mine as well
Gabriel Gabriel
Save this heart from hell

Time will wait for no one
And time will take it's toll
And we'll grow old
Weary from the fighting
Worn out from a war
Where no one can surrender
Or wants to fight anymore

Gabriel Gabriel
Open you heart and mine as well
Gabriel Gabriel
Save this heart from hell

Gabriel Gabriel
Open you heart and mine as well
Oh Gabriel Gabriel
This heart's in hell

Gabriel Gabriel
Open you heart and mine as well
Oh Gabriel Gabriel
This heart's in hell
