

Just Around the Corner

Mary Black

You've got no reason
To say you're all alone
There will be a change of season
That'll win a heart of stone

Love is just around the corner
And standing out of view
Love is just around the corner
For you

I can see a smile tomorrow
A reason to go on
'Cause the sky is always darkest
Before the new day dawns

Don't ever stop believing
The sun is going to shine
'Cause it's worth giving and receiving
If you only give it time

Don't think you've found salvation
Or that the day is won
When you reach your destination
The journey's just begun

Love is just around the corner
For you
For you
