

Right Now

Mary Chapin Carpenter

I'm all alone, so come on over, baby
Right now, right now
I'm all alone, so come on over, baby
Right now, right now
Oh, don't make 'em wait, child; don't you hesitate
Come on along, come on along

I want to dance; I need romance, baby
Right now, right now
I want to dance; I need romance, baby
Right now, right now
Oh, don't let me down, child; don't you mess around

Let's think of something to do and let's do it
Let's think of somewhere to go; let's go
And when you put your lovin' arms around me
Oh, you know how I love you so

I need a thrill; say you will, baby
Right now, right now
I need a thrill; say you will, baby
Right now, right now
Oh, don't let me down, child; don't you mess around
Come on along, come on along
