Before You Leave

Mary Gauthier

Tell me that you love me one more time
Before you leave, before you leave
Wrap your arms around me hold me tight
Before you leave, before you leave

Whisper to me softly in my ear
Before you leave, before you leave
Tell me that you'll miss me when you're not here
Before you leave, before you leave

When you get to where you're going
Would you call and let me know you're okay?
'Cause I'll be thinking 'bout you
Won't you ease my mind
And let me know you're safe?

The weather's turning, don't forget your coat
Before you leave, before you leave
Listen close, there's something you should know
Before you leave, before you leave

The darkness that shadowed you was mine
It was never yours at all
And the light behind your eyes that used to shine
Gets brighter as you walk away

Tell me that you love me one more time
Before you leave, before you leave
Wrap your arms around me hold me tight
Before you leave, before you leave
