

I Don't Want to Do Anything

Mary J. Blige

If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else

Listen baby

Every night and day
I dream of another way
To tell you something good
I don't think that I'm understood
You walk away and I frown
With my head hung far down
You tell me what is wrong
You just wanna be loved all night long baby

If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else

You told me a thousand times
That you would be mine, all mine
I do everything for you
But in your smile, I still can't find
And now you tell me this
This is something that I can miss
And all you wanna do is to love me for me
And I'll love you for you

If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else

Now that I know I'm gonna make love to you
So lady open up your heart
And let me in where I belong

If loving you is all that I have to do
Then it won't be wrong baby
Cause we belong together baby

Together we will be as one
Just me and you, you you you

Will you love me
I will love you
Will you please me
I will please you
Girl, don't leave me
I won't leave you
Let's make it easy
I'll make it easy

Will you love me
I will love you

Will you please me
I will please you, you, you
Girl, don't leave me
I won't leave you
Let's make it easy

They can take my possessions
No, no, no, no, They can never take your love away from me

Oh, see now listen, with every breath I breath
And every beat in my heart
I know that no one, I know that no one
Can tear us apart
(Oh no)
Cause I love you baby
K I love you too
And I need you baby
K I need you to baby

Stay with me more than just a day
And you know, you know, you know

I love you
Oh yes
Oh you make me feel so good baby
