

Need Someone

Mary J. Blige

From where you stand, it's no way to change it
No way to make it make sense
And it's lonely there, there in the spot light
Well honey, don't I understand?

But you
You need someone to love you,
You need someone to hold you tonight
Someone to love you, someone to love you
Someone to love you, someone to love you

When you look at me, try hard to hide it
Try hard to keep it all in
Well, I found you out, discovered your secrets
Well honey, it ain't a sin!

But you
You need someone to love you,
You need someone to hold you tonight
Someone to love you, someone to love you
Someone to love you, someone to love you

It doesn't have to be me
Oh, oh, oh

But you
You need someone to love you,
You need someone to tell you everythig is alright
Someone to love you, someone to love you
Someone to love you, someone to love you
