

# No Happy Holidays

Mary J. Blige

I can't believe  
After all this time  
I'm in love with a man  
Who could never be mine  
And just to think  
I'd believe one day you'd really leave  
Like you said you would  
Cause you don't love her  
But your little girl really needs you, oh

Christmas you weren't with me  
New Year's Eve you were not around  
Valentine's came and went  
Makes me wonder where your time was spent  
Fireworks on the Fourth of July  
Thanksgiving was another lie  
Your family has never met me  
And you've never met mine, no happy holiday

No happy holiday  
I got to let go of this feeling  
Being with you deprives me of true love, true love  
I can't fathom living this life  
Without being number one  
This is finally goodbye  
I pray to God you live a happy life  
Cause loving you just ain't right  
Make her your wife

Christmas you weren't with me  
New Year's Eve you were not around  
Valentine's came and went  
Makes me wonder where your time was spent  
Fireworks on the Fourth of July  
Thanksgiving was another lie  
Your family has never met me  
And you've never met mine, no happy holiday

I wish I had known  
The situation from the start  
Now it's complicated  
Because I gave you my heart  
Honestly I held on for dear life  
For my ego, my pride  
But what goes around, comes around  
But maybe next time I'll be on the other side

Hmm, oh, yeah, oh  
Last time dittle didi, di  
You don't do, do, do, dum  
Do do, do, do, do ooh, hey oh

Christmas you weren't with me  
New Year's Eve you were not around  
Valentine's came and went  
Makes me wonder where your time was spent  
Fireworks on the Fourth of July

Thanksgiving was another lie  
Your family has never met me  
And you've never met mine, no happy holiday
