

No One Else

Mary J. Blige

Many have called but the chosen are few
The best of the few is you
You know exactly what to do

Baby, your time is so perfect
Why in the hell I deserve it
Keep on doin' what you do

No one else
No one else
Can do me like you do me

No one else
No, no one else
Can do me like you do me

Happy 1 plus happy 1 is 2
Happy 2 is me and you
Our love was meant to be

Yes, we have our up's and down's
But some how we came around
And we made each other love so free

Can't lie
Now I'm satisfied
Yes I'm satisfied
Even when I cry

Won't stray
Stray away from you
I would be a fool
You know these words are true

No one else
No one else
Can do me like you do me

Can't lie
Now I'm satisfied
Yes I'm satisfied
Even when I cry

No one else
No one else
Can do me like you do me
