

Round and Round

Mary J. Blige

Round and round I go
Where I stop
You will never know
Round and round I go
Where I stop
You will never know

I just don't understand
What is your master plan
What did you have me do
Confusion in my mind
Been hurt a thousand times
Now I know you're not true
(That's why I can't be with you)

You don't know what it meant to me
Just to make you happy
All this time I've waited
Now our love has faded
Please tell me why it's gone
So my life can go on

I told you once before
I'm walkin out the door
I'm leaving you behind
Thinking bout you all the time
Makes me so sad and blue
Now what are we gonna do
(That's why I can't be with you)

You don't know what you did to me
When you told me you loved me
Now you're actin' shady
Now I'm goin crazy
Please stop holdin back from me
Cause I got to keep from goin round

Oh, ohhhh
Oh, ohhhh
Oh, ohhhh
Oh, ohhhh

You promised me you'd never leave
You said you'd stay with me always
Always
You'd never leave

(You'll never leave)
