

Forget Me

Mary Lambert

Did you forget me?
Did you forget me?
I wish I could say that I never left
But sorry just sounds stupid and quiet
In this house
Did you forget me?
Did you forget me?
Did you forget me?
And the letters don't talk
And my crying's too loud
Paper's no palm
And I wonder where yours are at
Paper's no palm
And I bet you'd laugh at that
Please forget me
Please forget me
Forget me
Cigarette out like our dying light
Cigarette out like our dying light
Cigarette out like our dying light
Cigarette out like our dying light
Did you forget me?
Please come get me
Please come get me
