

Dance Dance Dance

Mary Mary

Maybe you don't understand
Why I gotta dance
There was something had me down
But it's over, now

I'ma throw my hands up
Wave 'em all in the air
'Cause all I wanna do is
Dance, dance, dance

They told me you ain't good enough
Don't look good enough
Don't sing good enough
Maybe you should give it up

And if I would've
Then I never could've received
None of the things
That He planned for me

So I waited a little longer
Grew a little stronger
And then I realized
Something was happening

It's so incredible, it's unexplainable
You ought to try Him for yourself
And see because

Maybe you don't understand
Why I gotta dance
There was something had me down
But it's over, now

I'ma throw my hands up
Wave 'em all in the air
'Cause all I wanna do is
Dance, dance, dance

Sometimes I think about, yeah
How we used to be
And can't help but remembering, yeah
How it was never easy for me, no, no

But the way God works
It's so amazing, He never forgot me
I can't forget Him
That's enough for me to lift my hands
And I'm sorry if you don't understand

Maybe you don't understand
Why I gotta dance
There was something had me down
But it's over, now

I'ma throw my hands up
Wave 'em all in the air

'Cause all I wanna do is
Dance, dance, dance

Maybe you don't understand
Why I gotta dance
There was something had me down
But it's over, now

I'ma throw my hands up
Wave 'em all in the air
'Cause all I wanna do is
Dance, dance, dance

All my fears
(It's over now)
And all my pain
(It's over now)
All my doubts
(It's over now)
They went away
(It's over now)

No more fear
(It's over now)
And I'm glad
(It's over now)
Yes, so glad
('Cause all I wanna do is)
(Dance, dance, dance)

Maybe you don't understand
Why I gotta dance
There was something had me down
But it's over, now

I'ma throw my hands up
Wave 'em all in the air
'Cause all I wanna do is
Dance, dance, dance

Maybe you don't understand
Why I gotta dance
There was something had me down
But it's over, now

I'ma throw my hands up
Wave 'em all in the air
'Cause all I wanna do is
Dance, dance, dance

Maybe you don't understand
Why I gotta dance
There was something had me down
But it's over, now

I'ma throw my hands up
Wave 'em all in the air
'Cause all I wanna do is
Dance, dance, dance

Maybe you don't understand
Why I gotta dance
There was something had me down

But it's over, now

I'ma throw my hands up
Wave 'em all in the air
'Cause all I wanna do is
Dance, dance, dance
