When the weight of the world seems Like it's on your shoulders Bogging you down When you feel like you're stuck In one place

And you just can't move it around When it seems like you're so backed up Into a corner that there's no way out Just remember that you've got a friend Who's watching and he knows all about (so you gotta let it go)

Give it up, gotta let it go, give it up Gotta let it go

When you've shed so many tears
Until you
Just can't cry no more
When your confidence is gone
And of yourself you're not very sure
When you're at your lowest point
And you just wish it all would end
Just remember that you're not alone
And you can always turn to him

Give it up, gotta let it go, give it up, Gotta let it go

When you've done all that you can do And yet it's still too much to bear Then it's time to turn it over To the only one who knows ya Better than youself

Give it up, gotta let it go, give it up, Gotta let it go
