

I Got It

Mary Mary

The situation is telling me
I should believe all hope is lost
But from the looks of things
I should be crying
But because I know in whom I trust
My heart tells me to rejoice

Whatever you want
I got it
Whatever you need
I got it
Its all in me
I got it
I got it

Whatever you want
I got it
Whatever you need
I got it
Its all in me
I got it
I got it

Is life failing me
Times seem to be so hard
Everything crumbles in my face
One dollar short, one day late
Then I remember that maybe
I just forgot to pray
And when I call on You
All you have to say

Whatever you want
I got it
Whatever you need
I got it
Its all in me
I got it
I got it

Whatever you want
I got it
Whatever you need
I got it
Its all in me
I got it
I got it
