

# I Worship You

Mary Mary

I was lost  
But you came and found me  
You left your throne  
Thinking about me  
You bled and died  
To show me mercy  
You gave your all  
Because you saw my need  
I was empty  
You came and filled me  
I was blinded  
But you helped me to see  
I was broken  
But you made me whole again  
I felt like nothing  
But you gave me confidence  
And I'm filled with so much gratitude  
That words are not enough  
To explain the magnitude the passion of my love

You took everything I was and made me what I am  
And with all I am I worship you  
New life  
When I was dying  
You were strength  
When I was crying  
You were right  
And I was so wrong  
A melody  
When I had no song

And I'm filled with so much gratitude  
That words are not enough  
To explain the magnitude the passion of my love
