

# Something Bigger

Mary Mary

My block in here!

(2x)

Gotta do it, gotta do it big  
Big, ba-ba-bi-big  
Gotta do it, gotta do it, gotta do it big  
Big, ba-ba-bi-big

La, la, la, la, la, la, laaaaaah, aaaah

Everybody doin' that, can't do it again  
Why you mad at me cause I wanna do it big  
Don't think I'm unplugged and I'm disconnected  
Cause I didn't do what ya'll expected  
I ain't never thought small, cause my brain's colossal  
When you gon' find out, you can do it if you want to  
Pull up the New Test, click John 14  
I can do great things cause of God in me  
If God's in me, why I gotta think small  
Now you know that don't make no sense at all  
I'm in the image of the greatest, why I gotta defend  
Why I wanna do it, wanna do it, wanna do it big

La, la, la, la, la, la, laaaaaah, aaaah

Can't keep it in a box cause it just don't fit  
My God, he's bigger than just music  
I can take it to the church where my people go  
I can take it to the people that just don't know  
I can take it to the people that feel real low  
To the poor, to the rich, to the CEO  
(Yeah) He knows who you are  
Who you're not, what you got, when it's all gon' stop  
(Yeah) He can make you larger  
Change your life and take you farther  
It ain't not limit cause this world is his  
So you got to do it, got to do it, got to do it big

Nobody plans to be a loser  
Nobody tries for second place  
Nothing's wrong with second place, but  
Why stop at the ceiling when God showed me the sky  
Why get on the airplane if I'm too scared to fly  
Why am I goin' to the battle if I don't wanna fight  
I'm goin' for the gold  
Got to be incredible, oh oh

Got to do it, got to do it big, big  
I got to, I got to, got to do it big

La, la, la, la, la, la, laaaaaah, aaaah

Gotta do, gotta do, gotta do  
Gotta do, gotta do  
Gotta do it, gotta do it big  
Big, ba-ba-bi-big-ba-bi

I got to, I got to, got to do it big
